

**NEW DEMANDS ARE
MADE UPON GREECE
BY THE ENTENTE**

New Note Causes King Constantine to Hurry to the Capital.

ALLIED FORCES ARE LANDED

French and Italian Sailors Occupy Railroad Stations, City Hall and Other Points of Unrest; Fighting of Desperate Nature on Many Points.

LONDON, Oct. 17.—Vice Admiral Fremant, commander of the Anglo-French fleet in the Mediterranean, has issued the Greek government a new note of an extremely grave character, asking a dispatch to the Exchange Telegraph Company, dated Athens, yesterday. The note, it is added, brought King Constantine to the capital in haste from the royal residence at Patos.

The railway stations of Athens and Piræus, the city hall at the capital, and the Castalia barracks have been occupied by French and Italian sailors to the number of 1,000, while 150 blue-jackets with two machine guns have been stationed in the Municipal Theatre, according to a Reuters dispatch from Athens today. The city is quiet.

An urgent cabinet council has been summoned.

It is officially explained, adds the dispatch, that the document handed will assist the police in stopping demonstrations which threaten trouble.

FRENCH CAPTURE HOUSES.

PARIS, Oct. 17.—Another group of houses in the village of Sully-Saint-Amand on the Somme front, was captured last night by the French, the war office announced. A strong German counter-attack was repulsed.

TEUTONS FIGHT HARD.

PETROGRAD, via London, Oct. 17.—Tentative troops are heavily engaged attacking the Russian lines in the region southeast of Lemberg, the war office announced today. The attacks were launched after bombardment of great intensity in the district north of Korytnia and near Botschke, five miles north of Halicz. The Russians took 50 prisoners and one machine gun during the fighting.

BULGARIANS CHECKED.

PARIS, Oct. 17.—Violent artillery fighting is in progress on the Macedonian front, the war office reports. The Serbians checked a Bulgarian counter-attack.

BELGIANS FORCED TO WORK.

LONDON, Oct. 17.—The Amsterdam correspondent of the Exchange Telegraph Company wires the following: "Three hundred workmen in a Ghent factory who refused to work in German munitions factories in Belgium, have been arrested and sent to Germany. Twelve who resisted were shot. The Germans everywhere are forcing the Belgians to work for them, particularly on the railways, their own personnel having given out."

TAKE OVER GREEK SHIPS.

LONDON, Oct. 17.—The Entente Allies have taken over the Greek battleship Kikis, formerly the United States Battleship Idaho, the Lemnos, formerly the Mississippi, and the Averoff, says Reuters Athens correspondent.

ALLIES GREEKS WERE PUT ON BOARD.

ALLIES GREEKS WERE PUT ON BOARD the battleships the correspondent says, and the Greek crews landed and sent to Athens.

ON OCTOBER 11 THE ALLIES TOOK OVER

the entire Greek fleet except the Kikis, Lemnos and Averoff. This measure it was explained unofficially, was intended to insure the safety of the Allied fleet as fears had been aroused of a disturbance at points where the war vessels of the Allies were anchored.

LITTLE CHANGE IN FRONT.

PETROGRAD, Oct. 17.—Fighting continues all along the front in Eastern Rumania but no change in the situation is disclosed in today's official announcement.

HEAVY CARNAGE FIGHTING IN TURKISH

Armenia, in which great losses were inflicted by the Russians, is also announced.

LEARN GERMAN SECRETS.

WASHINGTON, Oct. 17.—How some of Germany's closely guarded trade secrets are being unwittingly disclosed by prisoners of war is told in official dispatches reaching here. In one instance German prisoners, all expert makers of thermometers, have been put to work where their operations would be observed by skilled workmen and as a result several methods of filling bulbs with mercury hitherto a secret in Germany were discovered.

SOMERSET VETERAN DIES.

Joseph Miller, 81 years old, died Sunday night of paralysis at the home of his son, Attorney John S. Miller of Somerset, ex-district attorney. Increased was a veteran of the Civil War.

ONE SCARLET FEVER CASE.

A case of scarlet fever has been reported to the health department.

**REFORMED SYNOD
COMES TO AN END**

Session Next Year Will Open on Monday, to Avoid Holding Delegates Over Following Sunday.

Special to The Courier.

MYERSDALE, Oct. 17.—A long established custom was changed when the Reformed Synod decided to begin its sessions next year on Monday, thus eliminating the necessity of continuing the meeting over Sunday. The Synod will meet at Greensville, Pa., in close proximity to St. Paul's Episcopal Home, a benevolent institution controlled and largely supported by the churches of the Pittsburgh Synod. Rev. C. L. Miller of Baltimore and on Sunday Schools by Rev. R. W. Miller, D. D., of Philadelphia. On Sunday morning during the continuation services, the officers of the Synod presided. The sermon was preached by Rev. D. B. Laidlaw, D. D., of the Union Mission, New York. W. C. Snyder of Greensburg presided on Sunday evening and Rev. C. L. Wagner of Baltimore delivered an address on "The Province of Colleges and Seminaries in the Christian Church." **GARBAGE COMPANY
FACING TROUBLE;
NO DUMP GROUND**

W. L. Corbin Threatens Prosecution for Using His Premises.

THE FURNACE IS CUT OFF

Upheaval of Snyder Street Makes It Virtually Impossible to Reach the Incineration Plant; Negro Collectors Protest Against Discrimination.

The break in the water line which resulted in tearing up the paving along Snyder street has virtually cut off the route to the garbage furnace beyond Snyder street, and as the result of depositing garbage on ground in Dutch Bottom under lease to W. L. Corbin, faces prosecution for trespass.

Corbin is on the warpath and says that after a long wait he now has a chance to get even for what he terms is a long period of persecution on the part of the city officials.

"The garbage wagon drivers told me that Health Officer George Heitzel told them to dump their garbage on my ground," Corbin said today. "I'd like to know why the garbage company has any right to dump this refuse there when they prosecute me for doing it."

Corbin has a lease on the ground from the Baltimore & Ohio railroad.

It was leased as a dumping ground, but from time to time the city authorities have prohibited the practice, on the ground that it was a menace to health.

Corbin wants to know if it isn't legal for him to dump garbage on his own ground, why the health officer permits the garbage company to do it.

Health Officer George Heitzel said today that if Corbin has the property leased it will not be difficult for him to prevent the garbage company from using it.

As it is likely to be some weeks before Snyder street will be open to travel, the garbage company is expected to have some trouble finding a place to deposit its collections of refuse. During the past several months the Board of Health has been particularly active in discouraging any dumping of garbage within the city limits and has made every effort to have all such refuse taken to the garbage plant and incinerated.

OUR Cloak and Suit department, Millinery and other departments pertaining to appareling for women, girls and children are the largest and most varied in assortment of styles, fabrics, colorings and prices of any store in Connelville.

Our one great effort lies in the Suit, Coat, Dress and Millinery Departments, where one glance will convince you of the enormous stocks, the wide range of the season's best models—and the modest prices.

The Suits at \$15, \$20, \$25 Are Winners

You'll like the styles, the materials, and the way they are trimmed—we have never had such wonderful sales—every day brings new arrivals of the latest styles at these prices. You'll like the way the coats are made and the lay of the collar, which can be worn buttoned up or open; and the skirts are full flare with belted, shirred or plain waist line. These prices include a wide assortment of styles and colors and all sizes for women and misses. An assortment of better Suits that portray the last word of Master Designers at \$35.00 to \$75.00.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandruff.

Just one application doubles the beauty of your hair, besides, it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life; and if not overcome it produces a festiveness and itching of the scalp; the hair roots fall loose and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or oily, get a 25-cent bottle of Knowlton's Dandruff at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and loss of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandruff. It eventually—why not now?—Adv.

WATER COMPANY GETS NEW BOSS

A. E. Halstead of Racine, Wis., succeeds A. V. Bennett, Temporary, in Charge.

A. E. Halstead of Racine, Wisconsin has arrived here to become superintendent of the Connelville Water Company, succeeding A. V. Bennett who has been temporarily in charge since the resignation of R. V. Little, early in August.

Mr. Halstead was connected with the Racine Water Company, a subsidiary of the American Waterworks & Electric Company which controls the Connelville Water Company. He comes here with 20 years' experience in the waterworks line. He was in charge of the Sioux Falls, Ia., waterworks before being transferred to Racine. Mrs. Halstead accompanied him to Connelville. He will work with Superintendent Bennett for some time before assuming active management of the plant.

Superintendent Bennett will return to Little Rock, Arkansas, where he was in charge prior to coming north. His transfer to Connelville was temporary, he having desired a change of climate and the local superintendency being vacant.

In his brief stay in Connelville Mr. Bennett won for himself the esteem of all whose business brought them in contact with him. His courtesy in dealing with everyone has been remarked by many.

"My stay in Connelville has been altogether pleasant," said Mr. Bennett today. "Although my coming here was only a temporary arrangement from the start, I have been benefited in health and have been pleased with the people of the city. They have been nice to me and I have found some good friends among them."

That's what they all say. The very first time they use "GETS-IT". All the time it's working—that that little old corn-press right off leaves the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT". Try it tonight!

Itching Was So Intense Obligated to Scratch. Then Would Pain. Hair Came Out.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with a heavy scale on my scalp which lasted for about twelve years. At times it would disappear for a few months, then it would appear again and every time it would move over. The itching was so intense that I was obliged to scratch and then it would pain. My hair came out and I would pick the scales off my scalp. At times I was unable to sleep."

"I saw a Cuticura Soap and Ointment advertisement and I sent for a free sample. It seemed to benefit me so much I bought more and in a short time I was healed." (Signed) Mrs. Geo. M. Steiner, R. D. 4, Box 24, Puttsum, N. Y., July 16, 1915.

Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose as proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well known Analyst, 2341 North Orleans St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action, without griping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an

ideal remedy for children. Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

No, Sir; mileage is not altogether a question of gas. Oil's gotta lot to do with it, you bet. Do you know that, in actual tests, cars have been known to yield as much as five additional miles per gallon of gas when the right lubricant was used? 'Fact.

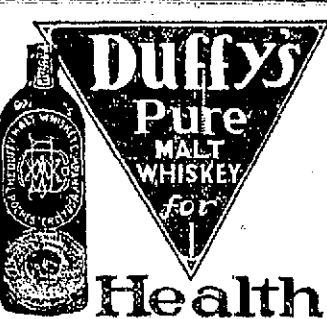

You oughta be getting that extra mileage, especially since it doesn't cost extra. There's one safe, sure way of taking figures off your gas and oil bill and putting them on the speedometer where they belong.

Use the combination—Atlantic Gas for fuel; Atlantic Motor Oils for lubrication. You can't beat that team anywhere.

KICKING SURE TO PLAY PART

Football Coaches Discover Punting an Invaluable Asset.

TOE ARTISTS ARE IN DEMAND

Handlers of Gridiron Teams Anxious to Develop All Kinds of Good Football Long Punters Are Good as an Offensive and Defensive Measure.

Again this season the promise is that kicking will play a prominent part in football. Never did the name of the sport fit it better than last year. For long it had been accused by many that football wasn't football at all. They said it was rush ball or something like that. In a great measure they were right. But last autumn the effort to advance the ball by kicking it or to defend a goal line by kicking it could not have been more general or concerted if the different coaches had met in person and arranged these matters accordingly.

Both as an offensive and defensive tactic kicking the ball has been accepted as one of the most effective measures known to modern football science. A team with a long distance punter who can get direction in his kicks and hit them high enough to

give his ends a chance to cover them is an asset that must be watched carefully in the balance. This feature of the game promises to figure to a marked degree in all of the autumnal classics. It was with the advent of the ten yard rule in football that kicking began to develop. Up to that time kicking was largely regarded as something that might be called upon when all other efforts failed. Each season has witnessed the development of this phase of the sport. It is in direct line with the new cardinal principle of football—namely, open play—and judging by what the coaches are drilling at the big camps, they are determined to perfect this angle of play.

Kicking Versus Running. One of the outstanding features about kicking is that an eleven with a proficient kicker can frequently get by with little better than a mediocre running attack. If a good kicker is supported by an able pair of ends—fast men and hard and sure tacklers—he can contribute many more yards to the attack in the course of sixty minutes of play than the average running attack can. Then, too, there is always the chance that the excellent players may fumble, and with fast ends trailing the ball the chances of recovering it are enhanced.

Furthermore, kicking takes the brunt of advancing the ball on a running attack and conserves its power for a decisive drive when within striking distance of the goal line. As a defensive measure kicking is without peer.

With the shutdown of the goal posts falling toward the defending team and it gains possession of the ball a strong kicker who can drive the spike out of danger is invaluable.

John "Speedy" Bush, Princeton's coach, is working overtime with Eddie Driggs, the Tigers' great punter. Driggs last year was one of the best kickers in the college ranks. Time and again it was his booting that kicked good dust on the Tigers' chances. It is said that Driggs is kicking the ball with the same precision and effectiveness this year. If this be true Princeton will start its campaign well fortified in this very important department.

Walter Johnson's Spitzball. Walter Johnson is cultivating a spitzball, according to his catcher, Eddie Amsmith. American league batters are hoping the speed king doesn't employ the moist delivery as a regular thing, for if he ever gains control there'll not be an unhit ball in the league in three months.

Des Jardien to Coach. Paul Des Jardien, University of Chicago athlete and coach, has been selected to coach the Oberlin (O.) college football squad. The new coach has been a member of the Cleveland baseball club team since July.

THE PARAMOUNT.

"AN INTERNATIONAL MARRIAGE"—Starring Rita Jolivet, supported by an able cast, and "Gloria's Romance," featuring Billie Burke, are today's features. In "An International Marriage," Rita Jolivet plays the part of the daughter of a wealthy owner of a chain of laundries. Urent is the featured, honest, self-made father, ready to indulge his beautiful daughter though he may be ill at ease with her fashionable friends. Florence captivates Washington society with one toss of her pretty head. A duke and a count promptly fall under her spell while her life-long chum, an upright young congressman, looks on and hides his face. In accordance with the regulations of the European court the duke does not marry a woman without a title, so Florence becomes the bride of the count, intending to get a divorce immediately.

SOISSON THEATRE.

"THE CARPET FROM BAGDAD"—Which will appear at the Soisson Theatre today is from the pen of Harold MacGrath, the celebrated author. Kathryn Williams is supported by an all star cast. The scenes in this picture are laid out in New York, Cairo, Baghdad and the Sahara Desert. Everyone who has seen it agrees that the desert scenes are very faithfully depicted. This is particularly true of the sand storm which almost wrecks the caravan crossing the desert. Kathryn Williams as Fortune Chesedowsky, is a particularly strong role. "The Carpet From Bagdad" is a story of mystery and adventure opening in New York and including Cairo, Egypt, the ancient city of Bagdad, and the Desert of Sahara; a tale of

Meanwhile the congressman uncovers a few unpleasant incidents in the lives of his foreign rivals, and at the point of a pistol demands the release of the girl that she may return to democratic America. The most dramatic scenes are reserved for the concluding reel, in which Olesby forces the issue with the count and wins Florence's freedom. For comedy the picture depends chiefly upon the embarrassment of the self-made American, cleverly portrayed by Marc Robbins, when confronted by European formality. Courtenay Foote returns to the Morocco Company in the character of the duke, a role for which he is eminently suited. Other members of the cast are Elliott Dexter, Page Peters, Herbert Standing, Adeline Woods and Jean Woodbury. Tomorrow, Marc Marsh will appear in "The Little Lion." A Keystone comedy will conclude the program.

Eastern mysticism, of temples and Mosques; of plots and counter-plots; an intensely exciting narration of how a precious prayer rug was stolen from the innermost recesses of a sacred Mosque and of how it imperilled the lives of two men and a beautiful young woman is, in brief, the resume of Harold MacGrath's most popular novel, "The Carpet From Bagdad." "Safe in the Safe," a two reel Liko comedy, with Dan Russell. It is his latest, and it is said to be his funniest. He plays the role of Chief of Police. "The Perfection," an imp drama. "Kalamet Weekly No. 40" contains "The Great Subway Wreck," "When a Zeppelin is Bagged," and many other interesting topics. Tomorrow "The Evil Women Do," a five reel Bluebird drama with Elsie Jane Wilson.

KNOX AT ERIE

Armin Attacks Labor and Mexican Policies of Wilson. Special to The Courier.

ERIE, Oct. 17.—Former Secretary of State P. C. Knox, Senator Charles A. Snyder, candidate for auditor general, and Joseph McLaughlin, candidate for Congress at large, addressed a big meeting here last night in Macomber hall. It was the opening of the republican campaign in Erie county and the meeting was a large one, filling the hall to its capacity. Henry A. Clark, candidate for Congress, presided.

Mr. Knox directed his remarks principally to the so-called eight-hour law and the Mexican policy of the administration. He called attention to the fact that the 40,000 men whose wages were advanced by the law were but 20 per cent of the men employed by the railroads. The other 80 per cent could have been included merely by the amendment of a few words, he said. If Congress had the power to enact the legislation it has enacted he said it had full jurisdiction, and just as easily could have included every man employed by a railroad engaged in interstate commerce.

VILLA DEFEATS SEVEN ARMIES

General Pershing Gathers His Forces in Mexico. Special to The Courier.

EL PASO, Texas, Oct. 17.—Francisco Villa and his bandit forces are in charge of practically the entire state of Chihuahua. Seven Carranza armies sent to attack Villa have been decisively defeated, with few men escaping. An army of 1,000 Carranza soldiers sent to attack Villa at San Andres was defeated by the bandit's forces, according to information received here by the United States Army headquarters. The Villistas, after killing more than 300 men, drove the co-facto government troops from their position and they fled in disorder northward.

American cavalry columns are patrolling south, east and west of Colonia Dublan, field headquarters of the punitive expedition, for the first time since the Carrizal clash. The Americans have established an outpost 20 miles south of El Valle to prevent surprise attacks by Villa bands. General Pershing has ordered a realignment of his present lines.

GARFIELD CONFIDENT

Says the Western States Are Strong for Charles E. Hughes. Special to The Courier.

CHICAGO, Oct. 17.—James R. Garfield, member of the western Republican campaign committee, returned yesterday from an extended trip through the West, confident that Hughes and Fairbanks will carry California, Utah, Wyoming and New Mexico and that the party has an excellent chance to win it Nevada and Arizona.

"I was in California four days and found that the Republicans and Progressives have come together in that state and are working in absolute har-

mony, and with enthusiasm for Hughes and Fairbanks," said Mr. Garfield. "Governor Hiram W. Johnson is speaking every day in behalf of the Republican national ticket."

"INVISIBLE GOVERNMENT" TALK

Some at Albany When He Was Gov-
ernor, He Says; Refers to Col. E. M.
House of Texas. Unofficial Spokes-
man of the Wilson Administration.

Special to The Courier.
OMAHA, Neb., Oct. 17.—When
Charles E. Hughes arrived in this city
tonight he found that the Democratic
agents, spokesmen for the President,
had done everything possible to create
an atmosphere of hostility. Vice Pres-
ident Marshall had charged that he
planned to drag the United States into
war. Senator Gilbert H. Hitchcock had
sneered at "Mr. Hughes' Wall street
affiliations" and Mr. Hitchcock's news-
paper, the World-Herald, had referred
to the Hughes campaign train as the
"Wall street special."

Nebraska had been told that
Woodrow Wilson regarded Mr. Hughes
as the "representative of invisible gov-
ernment."

Well, the result of this was about
the heartiest welcome for Mr. Hughes
in Omaha that he has received any-
where in the Middle West. Fifty thou-
sand people thronged the streets and
cheered him on his way to Hotel Van-
tanelle and cheered him again when
he went to the Auditorium to speak.
More than 2,000 were packed in the Au-
ditorium that nobody could move a step
until the speech was over, applauded
him till the rafters creaked.

Mr. Hughes took quick cognizance
of the sneers and misrepresentations
designed to injure him among the Ne-
braskans. While he was about it, he
explained his opinion of Mr. Wilson's
brand of "invisible government" which
consists in the employment of Colonel
Edward M. House in matters of state.

Mr. Hughes said on this point:
"I confess that I am not only sur-
prised but amused at the character of
some of these pleas. For example, it
is now said, in substance, that I am
elected to the position of executive re-
sponsibility for which I have been
nominated, it will result in 'invisible
government.' What a preposterous
suggestion! I came into public life
long before this administration was
thought of as the opponent of 'invisi-
ble government.' The fact that I was an
opponent of 'invisible government' was
my title to public confidence and it
was because I was an opponent of
invisible government, that, not accord-
ing to my liking, I found myself against
my desire—I was nominated for the pre-
sidency of the United States. I know
that we are in constant danger of sub-
version of the principles of govern-
ment and I desire to say there was no
'invisible government' in the state of
New York when I had the honor to
hold the executive place in New York.
There will be no 'invisible' govern-
ment in the United States if I have the
honor to hold the position of Presi-
dent."

"I believe in government through
the recognized officers of government,
according to the intent of the Consti-
tution and the statutes. I think in-
deed it might be said that the present
administration has been in large
measure an administration of unoffi-
cial spokesmen of mysterious influ-
ences and I can say, in entire good
humor, that I desire government
through two houses, and not through
three."

The audience caught the allusion to
Colonel E. M. House instantly and
shouted with laughter. Mr. Hughes,
carried along by his lightning orator, at-
tacked the administration's record of
surrender, characterizing the whole
record as shameful.

"The motto of this administration,"
he said, "is a problem avoided is a
problem solved."

Excoriating the President's course
in Mexican affairs and toward Mex-
ican-American business enterprises, he
condemned his own purposes into a
pungent paragraph.

"It must be known that in this hemi-
sphere and throughout the world,
American lives, property and com-
merce will be safeguarded."

RHEUMATISM AFTER HIS DAY'S OUTING

Hunting Trip on a Wet Day
Brings Painful Results.

Once upon a time Charles Mullen of
Philadelphia, went hunting. It was a
dismal rainy day, and long exposure to
cold and wet brought on a severe
attack of rheumatism. He was con-
fined to his home.

A friend recommended Sloan's Lin-
iment, citing his own case as evidence
of its effectiveness. Mullen bought a
bottle and applied it to his aching
limbs. Soon improvement was noticed
and he was able to return to business.
Mr. Mullen writes: "Since that ex-
perience I have never been without
Sloan's Liniment in the medicine
chest." You will find it soothing, bruise,
sprains, toothache and relieve
back, neuralgia, in fact all ex-
ternal pains. At all druggists, 25c,

20 YEARS YOUNGER ASSERTS WOMAN DUE TO TANLAC

Marie Schulz Tells of Re-
markable Recovery
Through Using Mas-
ter Medicine.

"I feel twenty years younger, and
sleep like a log when I go to bed,"
said Marie Schulz, of Graham
street, North Side, Pittsburgh, Pa.
"Since I began to take Tanlac."

"I had suffered for a long time with
rheumatism, gas in my stomach,
shortness of breath and my bowels
were always giving me trouble.
"I often went for days at a time
without sleeping, because of my terri-
ble nervous condition."

"So I got a bottle. I had no idea
I would get such quick relief. After
I had taken about half a bottle, the
rheumatic pains left my limbs. My
stomach got so good that I could eat
my meals and never feel bad after-
ward. My bowels got regular. When
I would lie down at night, my head
would hardly touch the pillow until I
would be fast asleep. When I awak-
ened in the morning, I felt rested and
could hardly believe it was myself."

"Since I have been taking Tanlac, I
